LETTER TO EXAMINER

Sir:

Applicant respectfully requests that the title of the invention be amended.

The first paragraph on page 2 of the Office Action mailed from the Patent Office on July 6, 2004 states "The title of the invention is not descriptive. A new title is required that is clearly indicative of the invention to which the claims are directed."

Responsive to the requirement for a new title, Applicant amended the title to read "An Arithmetic Unit For Multiplying A First Quantity X By A Second Quantity Y" in the amendment filed on November 5, 2004.

Should any questions arise concerning the above amendments, the Examiner is invited to call Applicant's attorney at the number listed below.
